

Resetting your password or sending an unknown username request via the Parent Access Module (PAM)

Pam.tenison.catholic.edu.au

Parent Access Module Login

Please login with your credentials, as supplied by your school.

Forgot your Password?

Please enter your Username. You will receive a resetting password link via email.

If your email is setup in PAM's 'my settings' ([refer the PAM user guide](#)) an email to reset your password will be sent.

Reset Password Email Sent

We have emailed a link to reset your password to your email address. Please check the email and follow the instructions to complete the process.

Click [here](#) to return to the Login Screen

If no email address is present or the user name is unknown, a support request form is opened that will be sent to pam@tenison.catholic.edu.au

Support Request

There is no email address associated with this account so we cannot send you an automatic resetting link. Please fill in the details below and an email will be sent to the Parent Access Module support at the school. Please include a contact number so someone from the school can contact you.

Support Request Email Sent

We have emailed your support request to the Parent Access Module Support at the school. Someone from the school will contact you.
